EXHIBIT DATES & HOURS
Saturday, November 9 | 8 am - 12 pm

DEADLINE
October 1, 2019

About the MOA SRE Competition:
The Michigan Osteopathic Association (MOA) hosts its Scientific Research Exhibit (SRE) competition every year during its Spring and Autumn Conventions. These competitions provide osteopathic medical students, residents, fellows and attending level physicians throughout Michigan an opportunity to present their medical and scientific research to their profession. Our events demonstrate the very best of what osteopathic medicine is, portraying the profession’s bright future.

Submission Categories
1. Basic Science Research Abstract Format
2. Clinical Vignette (Case Report) Abstract Format
3. Clinical Medicine (Research Study) Abstract Format
4. Quality Improvement/ Patient Safety High Value Care Abstract Format
