RESEARCH:

Undergraduate:

DNA-RNA extraction procedures with polyacrylamide gel electrophoresis.
DNA-RNA measurements in brains of protein deficient rats.
Studies of Krebs cycle and glycolysis using Warburg Apparatus.
RNA extraction both qualitative and quantitative in plant tumors (Youngstown State University).

Graduate:

Chemotaxis of neutrophils as related to collagen vascular disease and various malignancies.
Dr. J. Clough, Cleveland Clinic, 1979-1980.
In vitro cultures of human leukemia stem cells. Dr. H. Preisler, Roswell Park Memorial Institute,
1980-1981.
Gas liquid chromatographic analysis of serum for arabinoside and mannose by-products for detection
of systemic candidiasis in immunocompromised patients. Dr. I. Rutherford (Dr. T. Gavan),
Cleveland Clinic Hospital.
Measurements of phagocytic function of immunocompromised patients by chemiluminescence
and chemotaxis. Dr. B. Barna, Department of Cellular Immunology, Cleveland Clinic
Foundation, 1984.
Musculoskeletal findings in comparative populations of patients with and without chronic fatigue
syndrome. Peter Gulick, D.O.

Other Research:

Principal Investigator HRSA Grant on Treatment Expansion Initiative for HIV/HCV Coinfection
2011-2013
Principal Investigator Part D Ryan White Grant Study on Women Adolescents with HIV (\$450,000
for 3 years). 2012-2015
Prevalence of Anemia in HIV Patients, Sponsored by Ortho Biotech. Study population is HIV
patients with anemia to get an incidence. Second part was to treat with Procrit weekly
and record the results as related to anemia as well as overall HIV disease. 2000-2001.
HIV Wasting Study, sponsored by Serono Labs. Purpose was to identify patients with HIV
wasting both by clinical parameters as well as by actual measure of BMI (Bone Mass
Index). Second part of study was to treat with growth hormone to see results on BMI
and HIV disease. 2000.
Gain Study, sponsored by Agouron Pharmaceuticals. Three-year study to do initial genotyping on
naïve patients prior to antiretroviral therapy to determine if any -re-existing resistance is
present. 2000
Family Care Study, Michigan State University, Clinical Advisory Meeting, August 2, 1994
Surveillance Project for Lyme Disease, Michigan Department of Public Health, 1994.
