

**Title: Emergency Management of Overdose and Mental Health Crises in the Backdrop of Fentanyl and Polysubstance Abuse**

**Faculty**

David Neff, DO  
Adam Hunt, DO  
Timothy Gammons, DO  
Brook Weingarden, DO

**Objectives**

- 1** Describe the impact of Polysubstance Misuse as the 4th phase of the Opioid Overdose Epidemic
- 2** Review the variety of prescribed and non-prescribed substances being abused in 2025
- 3** Discuss overdose evaluation and management of polysubstance use across the continuum of care
- 4** Discuss the role cross functional team approaches to manage polysubstance misuse: critical linkages and handoffs

Time	Section	Presenter	Time (Minutes)
<b>2:00 PM</b>	Introduction: Polysubstance Misuse as the 4th phase of the Opioid Overdose Epidemic	Neff	20
	First Responder Action at the Scene of Presumed Overdose		
<b>2:15 PM</b>	EMS Field Response	Hunt	20
	Emergency Room Management		
<b>2:40 PM</b>	ER Consultation, Referral and After Care: The Role of Addiction Medicine	Gammons	20
