

*Khurshaid Alam, MD*

*Dr. Alam is a board-certified Diagnostic and Interventional Radiologist with more than two decades of experience in advanced image-guided and minimally invasive therapies. He currently practices with Atlas Radiology Consultants Portage Hospital in Hancock, Michigan, where he provides comprehensive interventional and diagnostic radiology services for a Level III trauma center.*

*He is also a Professor of Radiology at the University of Missouri in Columbia, Missouri.*

*Dr. Alam completed his interventional radiology fellowship at New York–Presbyterian Hospital at Columbia University and his diagnostic radiology residency at Wayne State University. He previously served as Section Chief of Vascular and Interventional Radiology at the John D. Dingell VA Medical Center in Detroit, where he led multiple program-building initiatives, including endovascular aneurysm repair, dialysis access optimization, amputation-prevention strategies, and interventional oncology services.*

*He holds multiple board certifications and advanced procedural credentials, has published in peer-reviewed radiology literature, and remains actively involved in teaching, mentorship, and innovative program development—including the evaluation and implementation of artificial intelligence in radiology practice.*
