

Ewa M. Matuszewski

CEO and a co-founder of MedNetOne Health Solutions

CEO and a co-founder of MedNetOne Health Solutions and a champion of innovative primary care and chronic care initiatives, including the Community Care Travel Team, which received the Eagle Award from the Greater Detroit Area Health Council in 2010. Ms. Matuszewski has a history of leading physicians and their practice teams through change and promotes a vision of patient-centered medicine and a culture of organizational excellence. Areas of expertise include health policy analysis, physician workforce strategies, physician practice environment, primary care team leadership, primary care practice management/governance interface and quality improvement and validation within physician practices. Ms. Matuszewski consults with medical societies and state, local, national and international health care organizations, including the Michigan State Medical Society and the Michigan Osteopathic Association and is a frequent speaker on the Patient Centered Medical Home and ACO initiatives, management of health care innovation and primary care based chronic care programs. Ms. Matuszewski is a practice mentor with the American Academy of Family Physicians' Practice Enhancement Forum, a guest lecturer at the Doctors' Hospital Family Medicine Residency Program, member of the Michigan Primary Care Consortium and co-chair of the Blue Cross and Blue Shield Physician Group Incentive Program (PGIP) Patient Centered Medical Home Committee. She is also a founding member of the Michigan Stanford Chronic Disease Self Management Program Master Trainers Organization, American Medical Group Association and the Michigan Primary Care Consortium. Ms. Matuszewski was named a Champion of the New Economy in 2011 by DBusiness Magazine for advancing the new model of primary care medicine in Southeast Michigan. She is a graduate of Wayne State University.
