

**RESOLUTION 2019 G**

**SUBMITTED TO:** Michigan Osteopathic Association House of Delegates  
**SUBMITTED BY:** Algirdas A. Juocys, OCOMA Delegate  
**RECOMMENDATION:** Approve as Amended  
**SUBJECT:** Reimbursement for Physician Supervised Care Management/Care Coordination Activities

---

- 1 **Whereas**, the patient centered medical home model endorses team care supervised by a  
2 physician; and
- 3 **Whereas**, various federal innovation grants such as MiPCT (Michigan Primary Care  
4 Transformation), SIM (State Innovation Model) and Comprehensive Primary Care (CPC+)  
5 support care management/care coordination activities; and
- 6 **Whereas**, RNs, MSWs, LMSWs, PharmDs, dietitians and health educators have undergone  
7 focused training to deliver care management/care coordination activities in various settings; and
- 8 **Whereas**, the care team members observe patient activities through real-time ADT (admission,  
9 discharge and transfer) feeds to monitor primary care sensitive emergency department use rates  
10 and inpatient admissions for ambulatory care sensitive conditions to contain costs; and
- 11 **Whereas**, certain state and national payers reimburse for care management/care coordination  
12 activities; and
- 13 **Whereas**, Blue Cross and Blue Shield of Michigan through the Value Partnership Program has  
14 reimbursed for care management/care coordination activities for over one decade; therefore, be it
- 15 **Resolved**, that the Michigan Osteopathic Association (MOA) encourage physicians to support  
16 care management/care coordination services by engaging in oversight activities of the care  
17 teams; and be it further
- 18 **Resolved**, that the MOA encourage state and national third party payers reimburse for care  
19 management/care coordination services.
