Membership Committee

The Membership Committee has made it their main goal to retain and gain members, especially younger members. Keeping in line with the Committee's goal to focus on the recruitment of students and residents, they created the Convention Sponsorship Program for the 2020 Spring Convention. The purpose of the program was to provide exposure to the MOA as well as provide networking opportunities to students and residents free of charge. This program was unfortunately put on hold until the circumstances surrounding the COVID-19 pandemic improves.

The Committee continues to research new membership ideas and communicates with other osteopathic associations across the country to share ideas.
