

Michigan Osteopathic Association

Annual Report: 2022-2023

MOA Council of Past Presidents

Gerald Robbins, D.O., FACN, Chair

John Everett D.O., Secretary

The MOA Council of Past Presidents met April 30, 2022 with 14 Past Presidents in attendance. Dr Andrea Amalfitano was an invited guest.

We continue to offer our cumulative leadership experience and advice as requested. A special sub-committee was formed with Dr Robert Piccinini as the lead. The committee was tasked to look into the feasibility of a new physical campus for MSUCOM at MSU.

We continue to offer an annual Past Presidents scholarship to a deserving 4th Year MSUCOM graduating senior.

We are always interested in ways to assist our Michigan Osteopathic family.

Please feel free to contact us with suggestions.

Respectfully submitted,

Gerald F. Robbins, D.O., FACN, Chair
