3 specialties and approaches to patient care; and
4

5 **Whereas**, doctor of osteopathic medicine (DOs) represent a distinct and valuable segment of the
6 healthcare workforce, bringing a unique perspective and skillset rooted in osteopathic principles
7 and practices to the delivery of patient care; and
8

9 **Whereas**, the visibility of DOs in media such as television shows, movies, and online platforms
10 can help to educate the public about osteopathic medicine, dispel misconceptions, and promote
11 the integration of osteopathic principles into mainstream healthcare discourse¹; and
12

13 **Whereas**, the representation of diverse voices and experiences in media is essential for fostering
14 inclusivity, promoting diversity within the medical profession, and ensuring that patients from all
15 backgrounds feel represented and understood; now, therefore be it
16

17 **RESOLVED**, that the Michigan Osteopathic Association (MOA) advocate for its continued
18 representation of osteopathic physicians in media, including but not limited to television shows,
19 documentaries, podcasts, social media platforms, and news outlets; and, be it further
20

21 **RESOLVED**, that the MOA continue to collaborate with media and entertainment industry
22 stakeholders, professional associations, and content creators to actively seek out opportunities to
23 feature DOs in their programming and reporting, highlighting their unique perspective, expertise,
24 and contributions to healthcare to facilitate greater visibility and recognition of osteopathic
25 physicians and, be it further
26

27 **RESOLVED**, that the MOA independently and in collaboration with the American Osteopathic
28 Association promote education for members about engagement-with media opportunities,
29 including social media, and how to serve as ambassadors for osteopathic medicine, through
30 sharing their stories, insights, and expertise to educate and inspire audiences across various
31 media platforms.
