

Michigan Osteopathic Association

Michigan Osteopathic College Foundation

Craig L. Magnatta, DO, MOCF President

I would like to report that the Michigan Osteopathic College Foundation celebrated the 2020 MOCF Ball and the 50th Anniversary of MSUCOM on February 1, 2020 at the Henry Collection in Dearborn. Over 800 guests were in attendance for dinner, live music and dancing after a two year hiatus. Proceeds from this year's event generated almost Five million dollars. The moneys generated at this fundraising event have resulted in over \$300,000 for student scholarships at MSUCOM and also helps to support other programs (community outreach programs such as street clinics in Detroit and Lansing, educational programs and medical student organizations) at the college each year. Plans are currently underway for next year's event on Saturday, January 30, 2021 at the Henry Collection in Dearborn. Currently the corpus of our endowment fund is worth about \$11,000,000 which will ensure continued support for scholarships and activities at MSUCOM for years to come.
